

Hanging Heaton C of E (VC) J & I School – Working at home work

Class/Year Group: Reception

Week commencing: 11th May 2020

Dear Parents/Carers,

Please find below activities to support your child's continued learning at home. It is important during this time that we try to build on the learning that has taken place in school although we do realise that it is impossible to replicate school whilst home learning. The more children can keep up with their learning, the easier the transition back into school will be. We appreciate your support in this.

**** Don't forget the online phonics support available****
